

HANG UP ON FRAUDSTERS

Telephone fraudsters are targeting Dorset residents

Cold callers are tricking people into transferring money to a fake bank account or sending it via courier

Protect yourself from criminals...

NEVER

- give out your pin number or bank details to ANYONE who calls you, no matter who they claim to be, or where they claim to be from
- send cash in a taxi or via courier
- send bank cards anywhere – always keep them with you

The police or any bank official, will NEVER ask for your account details over the phone.
